

ReCYcling

Services Directory

I ♥ BNE

That's why I don't let good recycling go to waste.

Dedicated to a better Brisbane

LORD MAYOR'S MESSAGE

Brisbane City Council is working hard to achieve a cleaner and greener city for Brisbane residents. We want to make Brisbane the most sustainable city in Australia, today and forever.

To deliver this vision, we need the help of Brisbane households. I am proud to present the Recycling Services Directory to Brisbane residents disposing unwanted items that can't be put out in the regular recycling service provided by Council.

Brisbane City Council also provides free drop off days for electronic waste and household hazardous waste every year and biannual kerbside collection of green waste and large items. This service is advertised in local papers.

Next time you are thinking of taking material to one our Transfer Stations, please check this directory for your resource recovery options. For more details and information, please visit our website www.brisbane.qld.gov.au or phone Council on (07) 3403 8888.

A handwritten signature in black ink, which appears to read "Campbell Newman". The signature is fluid and cursive.

Campbell Newman
Lord Mayor

This directory will assist you in recycling things like batteries, light bulbs, polystyrene foam, x-ray films and all the things we use in our daily lives that we should keep out of our landfill.

LISTING BY CATEGORY

AGRICULTURE – see also GREEN and ORGANIC WASTE.....	2	LIQUID WASTE (see GREASE and INDUSTRIAL LIQUID WASTE)

Key achievements towards zero waste:

- Increase of 6% kerbside recycling as a result of education campaigns.
- Successful E-waste events recycling close to 400 tonnes of electronic equipment from households.
- Commenced the recycling service for unit dwellers trial – Council plans to roll this out over the city in the next few years.
- Regional cooperation with Ipswich City Council for western suburb residents to use the Riverview Transfer Station.
- Launch of the solar powered Gum Removal Vehicle to improve the look of malls and public spaces throughout Brisbane.
